MOBILE MAX

WORKSTATION ON WHEELS

Model #C9030

CODi's MOBILE MAX is one of the most complete wheeled case solutions on the market today. At 8 lbs., 6.4 oz., the Mobile Max provides complete versatility. The stream-lined design allows the case to fit in most overhead compartments or under the seat of most regional airplanes. A telescoping twin tube handle allows you to easily configure the case for convenient business travel.

PRODUCT FEATURES

1050D ballistic nylon and leather makes this case light weight and durable

Telescoping twin tube handle for stability and easy towing

Business organization system located in the front compartment

Computer compartment includes a padded removable notebook sleeve that accommodates most 17" wide screens

Modular file compartment can be secured with Velcro in the computer or rear compartments which can be configured for files or a change of clothes, complete with oversized pockets that easily hold shoes or other accessories

Grab-handle molded into case bottom assists with ingress/egress along with padded top carry handle

In-line wheels are positioned at corners for uncompromising stability
